

REMINDERS

- Please name all clothes and PE kits.
- Please send your child to school each day with their reading books and a water bottle.
- Raincoats are needed each day.

As **WRITERS** we will be:

Creating an image poem, imagining a character that will be used in our quest stories. We will draw on the inspiration of the opera, *The Magic Flute*, when planning and writing our stories for display. This is the performance that we will be a part of in December, where we will act and sing at Hull City Hall. You will be invited to this very soon!

In **Science** we will be:

Investigating marvellous materials and their properties. As scientists, we will plan, develop and carry out investigations to determine the properties of different materials. We will then discuss how we can group different materials based upon those properties.

Year 5 Autumn 2 Term Newsletter

Does the Earth move?

As **READERS** we will be:

Meeting the character of Stanley Yelnats, reading 'Holes' by Louis Sachar, following his adventures in Camp Green Lake. We will study each of the VIPERS reading skills to deepen our learning.

In **R.W.** we will be:

Building upon the knowledge already learnt of how faith can be expressed through art by discovering how faith can be expressed in different forms such as music. We will also look at spirituality and the inspiration and impact of nature.

As **MATHEMATICIANS** we will:

Traversing the realm of money (adding and subtracting) before moving on to negative numbers (counting, comparing and calculating) and finally, short multiplication and division involving partitioning, alongside our weekly Arithmetic practice.

In **Geography** we will be:

Taking a trip across the Continent of Europe, comparing different countries to the UK naming regions and major cities; identifying human and physical features. In addition, we will also identify countries on a global map using the longitude and latitude and 8 compass

In **Art** we will be:

Journeying to infinity and beyond, discovering the work of Peter Thorpe and his abstract art of space and rockets!
